Lectra receives Best Managed Companies award by Deloitte

Paris, June 24, 2024

Lectra, a major player in the fashion, automotive and furniture markets, has announced that it is one of 19 French companies to be recognized in the 2024 edition of Deloitte France's Best Managed Companies program.

The Best Managed Companies program, launched in France for the first time in 2021, was founded over thirty years ago by Deloitte Canada. The program is now present in over 46 countries, recognizing 1,300 companies worldwide, including 19 in France this year. Companies are assessed based on their long-term strategy, their talent management and innovation capacity, their CSR policy, as well as their governance and financial management. These criteria assess, on the one hand, what sets the company apart and, on the other, its ability to meet current and future challenges.

Lectra is one of 19 French companies awarded the Best Managed Companies title for 2024. *"For our third edition in France, we are delighted to count Lectra among the companies awarded our label of excellence Best Managed Companies,"* says **Guillaume Detournignies, Deloitte Partner in charge of the Best Managed Companies France program.**

"Being recognized as a Best Managed Company for the third year running is a great honor for Lectra. It is also a strong recognition of our ability to ensure the Group's ongoing transformation while fully integrating our CSR strategy. The acquisitions made since 2017 consolidate our ability to offer and deploy solutions dedicated to Industry 4.0," says **Daniel Harari, Chairman and CEO of Lectra.** *"I thank all of Lectra's teams for this collective success and for their commitment to making Lectra a global technology leader in the fashion, automotive and furniture markets,"* he concludes.
